VISIT TO JEN STUDIO

The visit to Jen's Studio last week was most interesting. I was really impressed with Jen Siow, his wit and outlook of life. A very optimistic and talented man indeed. So how many of our Rotarians are getting their portraits done by Jen?

This week's speaker is Mr Ho Chin Soon and he will be speaking about real estate issues in Greater Kuala Lumpur.

Puan Jasmine of SMK Kelana Jaya will join us this Thursday to tell us about the motivation talks she is organising for the students. She would like us to help her by providing speakers.

Please mark your calendars our Medical Outreach project is in Kapar on the 13th of March 2011. The bus will be leaving from the FOC at 7.00am. The address where the Medical camp will be held is SJK (C) Pui Ying, Bt 4, Jalan Kapar, Klang.

Have a good week ahead.

If a picture paints a thousand words, then a portrait of you tells others more about you than you can ever say in writing. This may be why many people feel that having their portrait taken is a good way to make a personal statement about themselves.

And that's where Jen Studio comes into the picture. Jenhor Siow is the man behind the studio, and during our meeting at his workplace last week, we were given a glimpse of the amazing work he has done. "Unbelievable" is the only word I can think of when I saw the portraits of a woman purporting to be our very own Tina. All I can say is Jen is good, he's really good.

We also enjoyed the talk he gave, illustrated with examples of his work, especially on commercial projects, such as hotels, cars and even a plane! His story of how as a photography student in England, he had to invite a young lady every day to come into the studio to be photographed left me with a twinge of envy because while Jen's profession leads him to meet beautiful young women every day, my chosen path finds me in front of grumpy old judges most of the time.

Jen is recognised by his fellow professionals as being the best in the country. This is no mean feat considering he is vision-impaired. Apart from his interesting talk, we were also treated very well as Jen had laid on a delicious buffet spread for us. And finally, Jen has also offered a special rate for Rotarians up to the end of June, and he will

We had quite a large number present for this meeting cum visit to the studio: They were Shanti, Tina, Chow, Wong, Edward, Leslie, Josephine, CB, Alex, Sanjeev, Sharm, Mike, CS, Emily and Lynn. Also present were Mike's brother, Andrew, and Ann Yuriko. Thillai had planned to come but understandably was under doctor's orders to rest until he recovers and Khoo and Peggy were caught in a terrible traffic jam and couldn't make it.

During the meeting before dinner, we discussed some of the details for the forthcoming Medical Outreach project at a school in Kapar. This will be held on 13 March.

It is Josephine's birthday this coming week and we had a cake for her.

RCKJ - THANK YOU

Thank you all my friends for your assistance, visiting me at the Klang GH, all your phone calls/SMS for my speedy recovery. Very special thanks to Dr. Hari, Shanti and Lai for arranging to rush me to UH after I collapsed at the FOC on Friday.

Why I was admitted to Klang GH and not in KL/PJ was because UH diagnosed my ailment as gastric problem and not related to the heart and admission was not required. I was told at 3am that I can go home and come back on Monday to see the Surgical Unit doctor. As I was still weak and unable to walk (I had fainted 3 times since then) my wife wanted to admit me to Selangor Medical Centre which is the preferred Hospital in my retirement benefits. However, since my nephew who is a surgeon was recently transferred to Klang GH, we decided to go there.

After 4 days at Klang GH and all types of tests done, it was found that my stomach walls had been eroding and there were 3 small ulcers. I had been bleeding internally and my hp level had dropped from the normal 10gm to 8.1 gm. After transferring 3 pints of blood, my hp level came back to 10gm and was discharged in Tuesday night. I am on soft diet and told to rest for at least 3 weeks. Thanks again and best regards.
